FYI – We are speaking with the registrant about their questions on our analysis. As Hope probably mentioned, BEAD's work is on hold based on recent team discussions. If we end up needing to pick up then we may go past RD's PRIA date, but HED can't make that date either. Hope probably already told you everything – but just wanted to keep you in the loop in case you get any questions from RD. Thx.

Hi BEAD Team,

As I mentioned in my "heads up" email, this time will be used to speak with the registrant concerning the PCTn and the questions/calculations raised in the email. I will update the invitation as needed.

Thanks.  
Debra
